The format of the afternoon will commence with the holding of the AGM. Only members will be eligible to vote, but non-members are welcome to watch.

At the completion of the AGM, Kangan has organised several guest speakers. Because this is an on-line event it provides a great opportunity for those at distant locations to attend and gain the benefit of the Forum. This will be valuable as industry related Professional Development. For non-VAF members, please ensure we have your current email address as we will send out a Certificate of Attendance listing the items covered for inclusion in your PD file.

If the on-line hosting of the forum proves successful, we will endeavour to make this option available at future VAF forums, doing our bit to reduce costs and the need to travel. This will also help meet our collective sustainability targets (AURAEA002!).
