

6<sup>th</sup> November 2025

# CMM Report November 2025

- New Releases on TGA
- Training Package Organising Framework.

# New Release on TGA

- The following projects will soon be published on TGA
  - New Hydrogen units and Skill Set.
    - Welded Panels Project
    - Certificate II in Tyres
      - ADAS Project

# Training Package Organising Framework (TPOF)

- Came into effect from the 1<sup>st</sup> of July, 2025.
- Replaces the Training Package Products Policy.
- Mainly for Jobs and Skills Councils.
- Details the steps from initial development to skills ministers' endorsement for the development of training products.
- Contains the new templates for qualifications, units and skill sets.

# Qualification Template

- The new template is quite similar to the one now in use.
- Still retains the Qualification Description, Entry Requirements, Packaging Rules, Mapping and Links.
- The new mandatory Field is Foundation Skills Outcomes.
- Foundation Skills Outcomes will be represented by a bar graph.
- [Appendix C](#)

# Unit of Competency – Elements and Performance Criteria

- This is very similar to the template in use now.
- Has all the fields we are accustomed to.
- In one document rather than two.
- Most trade qualifications (trainee and apprenticeships) will still use this template.
- [Appendix A](#)

# Unit of Competency – Skills and Knowledge

- This template does not have Elements and Performance Criteria.
- Focusses on Knowledge and Skills.
- Has most of the “Fields” found in the Appendix A template, and the currently used unit template.
- [Appendix B](#)

# Any Questions
